Newer than New: Surprising Changes & Dental Inflation Busters

Dr. Peter Auster

Friday January 31 Embassy Suites Saratoga Springs, NY 8AM—4 PM
lite breakfast & lunch included

Dental companies are leapfrogging over each other to introduce the next great product. Some are outright exciting; some are just ways to charge higher fees for tweaked products. Dr. Auster will help you decide which direction to go when adding better, more intuitive technologies and products to your dental world. Also, start to love dentistry: understanding and confronting “Dental Imposter Syndrome” and “Dental Burnout” 7CEs

Learning Objectives:

Dive deeply into inflation-busting products, AI in Dentistry: the future is now, and it's amazing! Discover dozens of brand-new products that beat what you use: single shade composites, zirconia cements, temp cements, a MUCH better retraction paste; desensitizers; bulk fills; better bite materials; diode lasers; curing lights, scanners. Learn how injection molding and new “pressure molding” can fill your chairs and end down-time in your practice. Should you buy that scanner or 3D printer now? A veteran's report. What your lab should be telling you about scans. Learn how to beat imposter syndrome and start truly enjoying dentistry.

NYS Updated Mandated Reporter Training- Child Abuse and Maltreatment

John Vassello LCSW Binghamton University, Department of Social Work Approved Provider

Wednesday February 12 Webinar 6—9 PM

Updated Mandated Reporter Training Requirements for ALL DDS, DMD & RDH Chapter 56 of the Laws of 2021 amended Social Services Law § 413 to require additional training to include protocols to reduce implicit bias in decision-making processes, strategies for identifying adverse childhood experiences, and guidelines to assist in recognizing signs of abuse or maltreatment while interacting virtually within the New York State Mandated Identification and Reporting of Child Abuse and Maltreatment/Neglect coursework.

This law requires that mandated reporters, including those who have previously undergone the current training, complete the updated training curriculum by **April 1, 2025**. 3.0 MCE Credits

Objectives: After completing the new training, mandated reporters will be able to

1. determine if a child shows indicators of maltreatment or abuse including in a virtual environment
2. Recognize the impact of trauma and adverse childhood experiences on children, families, and themselves.

Local Oral Surgeon Panel

Friday March 7 8 AM—Noon Webinar 4CEs

Dr. Golaleh Barzani: Sleep Apnea

Dr. James Condry: Topic In the Works

Dr. Seth Farren: Full Arch Reconstruction

Dr. Justin Kirkwood: Osteonecrosis of the Jaw

Refresh yourself in training the child to accept dentistry, restoring and maintaining the primary and permanent dentition applying preventive measures for dental caries and periodontal disease and identifying and treating or referring occlusal dysfunction in the primary or mixed dentition. 3CEs

Learning Objectives Prevention of caries, diet and nutrition, Behavior management , Pediatric special needs patient care, Education in treating mentally or physically challenged children, Pediatric anesthesia and pain control, Education related to relieving pain and gaining anesthesia in the pediatric population may use behavior modification or medications for anesthesia and pain control Trauma management in young permanent and primary dentition, Education on treating traumatized dentition in the young pediatric patient with primary or permanent dentition.

Risk Management

Friday September 19 8:30—11:30 AM *lite breakfast included*

Dr. Frederick Wetzel

Course Description

This course was developed, according to New York State laws and regulations, by dentists and attorneys whose experience extends to the fields of malpractice insurance and risk management in the dental environment. (Dentists, dental hygienists, and dental assistants would all benefit from the information in this course). Risk Management: New York State Dentists who complete this course will be entitled to a 10% discount on their liability premiums for a three (3) year period from the MLMIC Insurance Company. Other companies also accept this course for a discount. You are encouraged to check with your carrier concerning the availability of any discount. If you have not completed an approved Risk Management Program within the past three (3) years, it is necessary for you to take this course in order to continue to receive your discount. At the end of this course you will have the option to print your certificate of completion to submit to your malpractice carrier. 3 CE
